MAIN STREET

Next week, the electric and telephone companies will be installing cable underground on South Main Street. Business and building owners will be notified in advance of any planned service interruptions, which are expected to be brief. The telephone company will be working on Hills Avenue as well. Also next week, the rest of the new street lights will be erected, sidewalks will be poured, and the installation of brick and granite pavers will continue in the sidewalk areas. In addition, landscaping crews will plant new trees and perennials, and the tubing for the snow-melt system in front of the Capitol Center for the Arts will be installed.

On Thursday, September 22nd, beginning at 8:00 PM, the crosswalk at Park Street and North Main Street will be rebuilt. An officer will be on hand to direct traffic and the work should be completed by 8:00 AM on Friday.

In order to keep the project on schedule, crews will work this Saturday (9/17) and next (9/24).

HOUSEHOLD HAZARDOUS WASTE COLLECTION DAY

Concord General Services is hosting its annual Household Hazardous Waste Collection Day tomorrow from 9:00 a.m. to 3:00 p.m. at the Douglas N. Everett Arena. Concord residents are encouraged to bring their household hazardous waste to the event to safely dispose of toxic materials. Proof of Concord residency is required. This event is hosted to keep hazardous materials out of the regular waste stream to protect our local environment (land, air, and water). Residents did a great job attending last year's event to keep harmful materials out of Concord's waste stream. The City of Concord collected and properly disposed of 3 pounds of reactive material; 1,284 pounds of corrosive material; 3,529 pounds of toxic material; and 12,620 pounds of ignitable material. Improperly disposing of hazardous material in the trash, down the drain, or on the ground can seriously impact our environment and public health. Just one quart of oil can contaminate 250,000 gallons of water! Reactive, corrosive, toxic, and ignitable waste should always be disposed of properly by attending Household Hazardous Waste Collection Day. For more information and a list of acceptable items, visit www.concordnh.gov/hhw.

HELP CONCORD POLICE AND NH FOOD BANK FIGHT HUNGER

The Concord Police Department and the New Hampshire Food Bank need your help to Fight Hunger and Stuff a Cruiser with food donations! Donations will be accepted at the following locations:
